The Exchange Club of Mooresville/Lake Norman is the area's premier civic service organization. We are dedicated to creating a strong America with unified people through the exchange of ideas and strive to inspire our community to become the best reflection of compassion. Exchange members collaborate to execute and fulfill our club's mission through volunteerism within several programs of service: **Americanism:** Promoting pride in our country, respect for our flag, and appreciation of our freedoms. We celebrate our country's unique heritage and inspire unity through multiple projects throughout the year. **Community Service:** Participating in numerous projects aimed at a multitude of community needs serving the very young to the elderly from providing for the homeless and hungry to supporting the first responders who protect us all to recognizing local citizens who go above and beyond for their community. **Youth:** Supporting local youth through scholarships, anti-bullying programs, mentoring, and community effort recognition. National Exchange Project - **the Prevention of Child Abuse.** Pharos Parenting, located in Statesville, is an Exchange Parent Aid Center that offers positive parenting education, in-home coaching, and supportive intervention programs.

Vision: *A strong America, safe communities, and unified people*

Mission: *Exchange, inspiring communities to become better places to live*

Core Values: *Family, Community, Country*

Motto: *Unity for Service*

988 and the National Suicide Prevention Lifeline

30 Percent

The percent the suicide rate has climbed since 1999

1 in 5

people above the age of 12 has a mental health condition

316

For every one person that dies by suicide annually, 316 people seriously consider suicide

Why Do We Need 988?

America is experiencing a mental health crisis. But the crisis is not irreversible.

- The suicide rate has climbed nearly 30% since 1999 – and the rate has increased in 49 out of 50 states over the last decade.
- From 2016-2017 alone, there was a 10% increase in suicides of young people between 15-24 years old in the US.
- Approximately one in five people above the age of 12 has a mental health condition in the US.
- Suicide is the second leading cause of death among young people, and the tenth leading cause of death in the US.
- **More Americans died from mental health crises and substance abuse in 2018 alone than have died in combat in every war combined since World War II.**
- However, suicide is most often preventable. For every person who dies by suicide annually, there are 316 people who seriously consider suicide but do not kill themselves.
- Over 90% of people who attempt suicide go on to live out their lives.

For too long, our system for mental health crisis services has been underfunded and undervalued. We will now meet this challenge with the evidence-based crisis intervention that the 988 crisis line will provide.

What Is 988?

A direct three-digit line to trained National Suicide Prevention Lifeline counselors will open the door for millions of Americans to seek the help they need, while sending the message to the country that healing, hope, and help are happening every day.

In 2020, the Lifeline received nearly 2.4 million calls. **With an easy to remember and dial number like 988, the Lifeline hopes to reach many more people in emotional crisis.**

A 988 crisis line that is **effectively resourced and promoted** will be able to:

- Connect a person in a mental health crisis to a trained counselor who can address their immediate needs and help connect them to ongoing care.
- Reduce healthcare spending with more cost-effective early intervention.
- Reduce use of law enforcement, public health, and other safety resources.
- Meet the growing need for crisis intervention at scale.
- Help end stigma toward those seeking or accessing mental healthcare.

When you've got a police, fire or rescue emergency, you call 911.

When you have an urgent mental health need, you'll call 988.
